The Valve Studio Orchestra is impeccable.
It's more than a simple soundtrack for a game!

Thanks Valve!

No regrets!

. You can listen to this sound track for free on YouTube but I don't speak BROKE. It's just soundtrack, but it feels good to listen to this even when you don't have any interest in tf2 anymore. LOVE GAME LOVE MUSIC. Is good. Ok, no more description. Buy now.. Yeah, it's cool music I guess. Normally, you could just go onto YouTube and find a video of TF2 music, but what if you can't gain access to the Internet, but you have this? What about if you have no power and you want to listen to TF2 OST? Well you use this, obviously. Brilliant sale, I rate it 8/10.. Great soundtrack! And if anyone here is like me at first and wondering how to use it. Right click tf2, Click properties, Local files, Browse , Soundtrack. Good luck!. Love the music, but to anyone who needs it

Right Click TF2->Properties->Local Files->Browse Local Files->Soundtrack

Boom music

It's worth the money.. Good music AND a free hat
